experiences exists as a fundamental task of the ABF BASIC volunteer. Sharing the excitement for learning as well as assisting the young student can make a life-changing difference in the student's perception of the tools to excel. The principle duties of the BASIC volunteer are:

- Assist in the daily set up and break down of the program both in the academic classroom and on the sport field.
- Insure that all venues have water at all times
- Assist the lead instructors in executing all matters related to student safety
- Accompany the movement of the BASIC teams to and from instructional stations
